

Cutout Algebra Models

- Duplicate this set of algebra models as follows:
 - page 1 on one color to represent units, x 's, and x^2 's.
 - page 2 on a different color to represent y 's, xy 's and y^2 's
 - page 1 and 2 on a third color to represent the negative of the constants and variables.
- Cut out each set. The other will represent the negative integers.
- Have students place them in a 3 x 5 envelope and keep them in their notebook.
